SCOUT GROUP PREPARES FOR MANY AFFAIRS

Plans for a number of activities during the next few months were outlined Wednesday evening at a meeting of the Black Walnut Boy Scout District Committee in the office of the chairman, Attorney Eugene R. Hartman.

Two junior leaders, from Troop 78, sponsored by St. Francis Xavier Catholic Church, and Troop 79, sponsored by St. James Lutheran church, will be selected to attend the Camp Shiff junior leadership training sessions this summer, the committee voted.

Last year two other scouts, from the Biglerville troop and Troop 73, were named for the training. MOOSE HOST TO ATHLETES FROM GETTYSBURG HI

Approximately 125 young men and women, members of the athletic teams of Gettysburg Junior and Senior High School, were guests of the local Moose Lodge Thursday evening for the fifth annual testimonial dinner held by the lodgesmen.

Main speaker was E. E. "Shorty" Miller, principal of Edison Junior High School, Harrisburg, nationally known football official and an All-American football player during his days at Penn State.

Others, who spoke briefly, included Chester B. Steffen, state director of the Loyal Order of Moose; Henry T. Bream, athletic director at Gettysburg College; Dr. Lloyd C. Keefe, superintendent of the Gettysburg schools; Judge W. C. Sheely; Guile W. Lefever, principal of the Gettysburg High School, and J. Russell Mummert, governor of the local lodge.

"Better To Steal Second Base"
The squad of cheerleaders, who were guests with the teams for the chicken dinner served in the lodge home of York St., led the athletes in high school cheers. Attorney Donald M. Swope, who served as toastmaster, introduced Miss Jo Ann Sherman as cheerleader who termed it "the most unusual cheer of the year," adding "throughout the year the teams are cheered at, tonight they do their own cheering."

State Director Steffen congratulated the local Moose lodge "for the interest you have shown in the youth of your city. The Moose as a national organization is proud of its record with orphaned youth in the home it has conducted at Mooseheart for more than 40 years. There are approximately 1,000 youngsters there now. We are equally proud of the work of the lodges in sponsoring youth activities, such as dining and the midweek league team sponsored by this lodge. We believe it is a lot better to teach a youngster how to steal second base than to have him loaf on a street corner and be tempted into stealing an auto."

Other Brief Speeches
The lessons you members of the sports teams learn on the playing field, to play the game fairly and squarely, are principles that will help you throughout life."

Governor Mummert extended the greetings of the lodge to the (Continued on Page 5)

Russia Is Accused Of Pursuing Outrageous, Uncivilized Conduct

BERLIN (AP)—The United States accused Soviet Russia today of pursuing deliberately outrageous and uncivilized conduct by ordering the murder of a Russian emigrant leader in West Germany and the "brutal kidnapping" of another in Berlin.

Acting U.S. High Commissioner Walter Dowling made the charges in a letter to V. S. Semenov, Soviet high commissioner in Germany.

Dowling referred to the case of Nikolai E. Khokhlov, Soviet Secret Police captain who switched sides after being sent to the American zone of Germany to lead a leading member of the anti-Soviet NTS refugee organization, and of Dr. Alexander Truchnovich, a West Berlin committee member of the group, who had disappeared April 13.

Reveals Red Plot
Instead of committing the murder, Khokhlov gave himself up to American authorities Feb. 20, re-

JUNE 12 FARM DEADLINE ON WHEAT ACREAGE

June 12 has been set as the deadline by which farmers with more wheat acreage than their quota calls for to dispose of the excess grain. After that date, penalties will be imposed.

Martin T. Walter, chairman of the county Agricultural Stabilization and Conservation Committee, asked farmers who have wheat plantings in excess of their allocations to contact his office prior to the June 12 deadline so that arrangements can be made to measure the acreage and dispose of the excess "in the most equitable manner."

The acreage will be based on actual measurement, rather than drill measurements, and as a result it is worth while to have the county committee make its measurements prior to the deadline date to determine the actual wheat acreage, Walter said.

Various Programs Possible

Generally farmers were given an allotment 18 per cent under their average wheat acreage when the allocations were made last fall. Any grain standing by June 12 over the allotted amounts will be subject to marketing penalties. The allotments and penalties do not apply to those who grow less than 16 acres.

Farmers may avoid the penalties by not allowing the excess wheat to mature. Under the regulations, excess plantings will not be counted if "while still green it is turned under for green manure, pastured off or cut for hay or silage."

Those sections with the poorest stand of wheat should be turned under in getting rid of excess wheat. In urging growers to contact his office to have their wheat measured prior to the deadline, Walter said numerous programs can be worked out, pointing out that in some instances, such as a need for straw on the part of the grower, it might be possible to seal part of the grain for a year and count it against next year's production, and in some cases it might be better to pay the penalty on part of the excess and plow under other parts, all depending on the program of the farmer for his farm operations.

CHANGE PLANS FOR MEETING OF ORCHARDISTS

The Adams County Fruit Growers Association will meet next Wednesday evening at 8 o'clock at the Arendtsville Grade school building, County Agricultural Agent Frank S. Zettie announced today.

The announcement notes that the time and place are both changed from the previously scheduled date and location of the meeting. The change, Zettie said, was caused by conflicts with other meetings.

J. O. Pepper, executive entomologist and Dr. R. S. Kirby, extension plant pathologist, will report on the orchard disease and insect situation at the session.

Some Blossom Infection
County Agent Zettie also notified fruit growers of the contents of the petal fall spray for peaches. Wet weather starting April 15 enabled brown rot spores to cause some blossom infection in unprotected flowers, Zettie said. He added that stink bugs and plant bugs are very active in most peach orchards.

The spray, to be applied when 90 per cent of the petals are off the trees, calls for use, in the dilute spray schedule, of two pounds of wettable powder DDT per 100 gallons of spray plus either 12 pounds of flotation type sulphur paste or 8 pounds of a 70 per cent sulphur spray. For a concentrate spray the amounts of the materials should be tripled per 100 gallons of spray.

Zettie also warned growers to avoid pollution of streams from the materials.

SECRET BALLOT NOT LEGAL FOR SUPERINTENDENT

Last week Adams County school directors at their convention to elect a county superintendent went on record as objecting to the system of voting and asking for amendment to state law to provide for a secret ballot in the future.

It now appears that only constitutional amendment can accomplish that purpose.

Assemblyman Francis Worley, one of the officials to whom the directors appealed for action on the proposed change in the law, had a letter Thursday from the director of the Legislative Reference Bureau stating that an act to provide for a secret ballot in the election of county superintendents would be in violation of Section 12, Article 8, of the Pennsylvania Constitution.

The letter from S. Edward Hannestad, director of the Bureau, was in response to an inquiry by Mr. Worley following the school directors' action at their convention.

Vote As Representatives
As quoted by Mr. Hannestad, a section of the Pennsylvania Constitution provides that "all elections by persons in a representative capacity shall be viva voce." Mr. Hannestad wrote that a secret ballot election would be in direct violation of this section.

"All acts of school directors are, of course, in the capacity of representatives of the people of the school districts to the same extent as members of the General Assembly represent the people of the Commonwealth and it is my opinion that an act providing for secret ballot in electing county superintendents would be in direct violation of Section 12, Article 8," Mr. Hannestad wrote.

"This may be another good reason for backing constitutional revision for Pennsylvania," Mr. Worley added.

As the law now stands, the school directors must stand and announce their choice for the office of superintendent.

VAST C-D DRILL ON JUNE 14, 15

Adams county will participate in their first surprise raid attack drill as a part of an international Civil Defense test scheduled for June 14 and 15, William G. Weaver, county director of Civil Defense announced today.

Weaver said he had been informed that both the United States and Canada will participate in the civil defense test on the two dates. There will be some variations in activities in different parts of the country and Canada but throughout both countries civil defense activities will take place on those two dates.

Weaver said Dr. Richard Gertsel, state director of Civil Defense has informed the local directors that details of the public participation has been worked out with New Jersey and New York states and that "Simultaneous wailing of sirens sometime between 9 a.m. and 2 p.m. throughout our three states on June 14 will bring non-essential activities of almost 30 million people to a brief standstill," Gertsel said.

In addition to the air raid attack drill in which the public will participate there will also be simulated emergency activities carried out during the afternoon and evening of June 14 by civil defense organizations throughout Pennsylvania and surrounding states.

Dr. Gertsel and Director Weaver emphasized the vital importance of everyone joining in the public drill.

PUBLICIZING BLOSSOMS IN ORCHARDS HERE

Plans for publicity for the fruit blossom display and a discussion of parking in Biglerville were among matters before the Biglerville Business Club in Ditzler's Restaurant, Biglerville, Wednesday evening. President Kenneth Alwine presided.

Discussion among the members indicated that the cherry blossoms will be at their peak by this weekend, with some apples also in full blossom, and that the apple blossom peak will occur by the following weekend.

The club voted to notify newspapers and radio stations within a 50-mile radius of the spectacle and also reported that signs have been erected leading off main highways to the heart of the blossom sections.

Plan Wider Publicity
Plans were discussed for a more adequate observance of blossom time next year with committees to be appointed to work throughout the year in arranging for wider publicity and more activities in connection with the event.

While the group reached no conclusion immediately on any action to be taken, the club discussed what members termed a parking problem in Biglerville. Among suggestions were that a time limit be placed on parking on the main streets to keep autos from parking there throughout an entire day.

Carl A. Baum, manager of The Gettysburg Times, gave facts about the circulation of The Times in Adams County and presented a tape recording of a talk by Arthur Harrison Motley, president of Parade Publications. The talk was presented at Chicago at the annual meeting of the newspaper executives association. Oscar Rice Jr. was program chairman for the meeting.

Stevens Says McCarthy Proposed Special Assignment For Schine

WASHINGTON (AP)—Secretary of the Army Stevens testified today that Sen. McCarthy proposed to him last September, when G. David Schine was about to be drafted as a private, that Schine be given a special assignment to dig out Communists in the Army.

Stevens said McCarthy said he thought Schine should be made a special assistant to the secretary, or a special assistant in Army intelligence.

Testifying under cross-examination in the second day of the Senate investigation into the row between McCarthy and top Army officials, Stevens said the proposition was made to him in the Waldorf Towers apartment of Schine's wealthy parents, Mr. and Mrs. Meyer Schine. He said McCarthy invited him to the apartment.

Was Former Consultant
Stevens testified under questioning of Ray Jenkins, special counsel in the nationally televised inquiry by the Senate Investigations subcommittee.

The secretary also told the subcommittee that young Schine—now 27 and a private in the Army—told him last October that he (Stevens) was doing "a good job in ferreting out Communists" in the Army.

Schine was formerly an unpaid consultant to the McCarthy committee in its probe for subversive influences. A key issue in the hearing is whether McCarthy and his top aides brought improper pressure on the Army to get preferred treatment for Schine.

Draw Big Crowd
Stevens testified at the outset today that one of his first official acts as secretary was to order a checkup on security and loyalty procedures.

As on yesterday's opening day, there was a packed crowd of spectators in the hearing room.

About 350 persons were standing outside, waiting for a chance to (Continued on Page 2)

DRIVER JAILED, TWO FINED IN COURT TODAY

George R. Schray, E. Syracuse, N. Y., was sentenced by the Adams County Court this morning to 30 days in jail and ordered to pay the costs and a fine of \$50 on a charge of driving while under the influence of intoxicants. He had pleaded guilty to the charge in January, after he had been arrested after forcing the borough police car driven by Officer Raymond Menges to the curb on Baltimore St.

Richard L. Newlon, Gettysburg R. 2, was found guilty by the court on a charge of failing to drive to the right. At the hearing Roy Coldsmith, York St., testified that Newlon had forced Coldsmith's car, driven by his wife, off the Fairfield Rd. Newlon was fined \$10 and ordered to pay the costs. The case had been appealed from a justice's decision.

Robert Connelly, York Springs, charged with driving too fast for conditions, was found innocent following an appeal hearing.

Ask Permission To Sell

A petition was received from the Adams County Commissioners asking court approval for the sale of a 1½-story, 12 by 20-foot frame structure at the County Home. The building, used for many years as a shoemaker shop, and unused for the last decade or more, must be removed, the petition said, to make room for the new boiler house to be constructed west of the men's building at the County Home. The commissioners ask the right to sell the property to someone who will remove it.

Requests of \$100 each to the Greek Orthodox Church at Harrisburg and the Greek Orthodox Church at York are contained in the schedule of distribution of the \$3,607.95 estate of Ernest Kranias, late of Gettysburg, according to the final account of the Gettysburg National Bank, executor, approved by the court this morning. The widow receives the remainder.

SAYS FHA HAS
BEEN "TOOL OF
SWINDLERS"

By ROWLAND EVANS, JR.

WASHINGTON (AP)—The government's top criminal prosecutor, Warren Olney III, charged today that the scandal-ridden FHA has considered itself "in partnership with lenders and promoters" of home repairs with "no responsibility for the victims of swindlers."

Olney told the Senate Banking Committee that the home repair program, financed with FHA-insured loans, has "rapidly become the means by which swindlers, cheats and crooked salesmen have been able to cheat and defraud unsuspecting home owners."

He said the FHA has been concerned only with keeping its financial records up to date and suffering no monetary losses.

Olney added that the FBI and the Justice Department are now engaged in a great search for fraud and other criminal conspiracies by "suede shoe boys . . . replete with Cadillacs and fancy dress" who "bilked a great many thousands" of honest home owners since the repair loan program got started as an anti-depression weapon in 1935.

get in if any spectators left. Stevens said as a result of the review he ordered, many changes and improvements had been made in the Army's effort to protect itself against espionage or subversives.

Got "Top Billing"

Jenkins asked if Stevens thought the Army had been "always on the alert" in that respect.

"That is correct," Stevens replied.

Stevens said the review of measures for protection against espionage or subversives covered both military and civilian personnel. Jenkins asked Stevens if this subject had "top billing and priority with you."

"It did," Stevens replied.

Read In Papers First

Stevens, under further questioning by Jenkins, testified he first learned of McCarthy's investigation of communism in the Army by reading a newspaper account while vacationing in Montana.

Stevens said he immediately wired McCarthy, saying he would oppose communism in the Army to the limit of his ability.

Stevens related that he returned to Washington and got in touch with McCarthy.

Stevens said he later met with McCarthy for the first time officially in McCarthy's office on Sept. 8. He said they discussed the investigation of three men in the First Army area, which includes New York and New Jersey.

Stevens said he assured the senator of his full cooperation "in that regard or any other regard."

Rejected By Pentagon

Later in the day of Sept. 8 Stevens said, he attended a closed-door session of the subcommittee. In addition to McCarthy, he said, those present included Sen. Dirksen (R-Ill.), Roy M. Cohn and Schine.

Stevens said he next met McCarthy in New York on Sept. 16 in the Schine apartment.

Stevens said this meeting, marked the first time McCarthy personally asked him for a commission for Schine.

He added that since he knew Schine's application for a commission already had been rejected at the Pentagon, "I moved away from that subject as quickly as I could."

lovich," member of the NTS executive committee in Frankfurt.

Dowling quoted in detail Khokhlov's orders and preparations for the murder, adding the Russian said he refused to perform his mission because it was "repugnant to his conscience and contrary to humanitarian principles."

2 Others Confess

On Feb. 25, Dowling continued, two East German agents assigned to Khokhlov, identified as Hans Kukowitsch and Kurt Weber, were taken into custody by U.S. authorities in Frankfurt "and confessed their complicity in the assassination attempt."

"In the possession of Kukowitsch and Weber," he wrote, "were assassination weapons—consisting of two automatic 7-millimeter noiseless pistols and two devices disguised as cigarette cases containing an electrically-operated mechanism for the discharge of poisoned pellets."

Dowling said Khokhlov had begged the United States to ask the Soviet government to let his wife, Elena Adamovna Khokhlova, and their infant son travel to West Germany to rejoin him. Both are living in Moscow.

Khokhlov told newsmen yesterday his "wonderful wife" had appealed to him not to carry out the murder plot. He said that if his story was publicized, "The Soviet government will not dare to kill my wife."

Dowling noted that the switch by Khokhlov and the arrest of the East German agents was followed by the "brutal kidnapping" of Dr. Alexander Truchnovich, a Russian emigrant leader in West Berlin and an associate of Okolovich.

This, he concludes, indicates "a deliberately outrageous and uncivilized course of conduct on the part of the government of the Soviet Union against which I, as acting United States high commissioner, protest in the most vigorous terms."

SCRIBE CULLS ITEMS FROM ODDITY LIST

By HAL BOYLE
NEW YORK UP—Items from an oddity almanac:

Ladies will always have problems, but one problem the 20th century took from them was the task of lacing up the old-fashioned corset.

Robert E. Heyn, a brassiere manufacturer, who has been doing some research on this topic, estimates that since the two-way stretch undergarment replaced the corset some 117,263 whales have been spared. He also figures enough structural steel has been salvaged to erect another Empire State Building and provide every 8-year-old child in America with a roller skate.

SENATOR GETS BILL FOR FILM

NEW YORK (AP)—A bill for filming Sen. Joseph R. McCarthy's television reply to CBS commentator Edward R. Murrow's criticism of McCarthy's methods has been sent to the senator's Washington office.

A spokesman for Fox Movietone News, which made the film, said yesterday the bill was mailed at the request of Roy Cohn, chief counsel to the Senate Permanent Investigations subcommittee. Cohn had engaged Fox Studios for production of the film.

The film was presented on CBS-TV the night of April 6 in reply to Murrow's criticism of McCarthy last month. Murrow had invited McCarthy to appear in rebuttal if he chose. The senator elected to put his answer on a 25-minute film.

At the time it was reported that McCarthy had asked Murrow's sponsor, the Aluminum Co. of America who would pay the production costs. The company referred him to CBS, stating the network was paid a fixed fee each week and production arrangements were up to it.

CBS said it had not been asked to pay. Murrow said there was no precedent for such a case, but that he "certainly would not pay for it personally."

The Fox spokesman would not say how much the bill totaled, but estimates have ranged from \$6,000 to \$7,500. The spokesman said no remittance had been received, but "we don't expect payment for a month."

24 GOVERNORS WILL CONDUCT SAFETY DRIVE

PHILADELPHIA (AP)—Governors from 11 northeastern states and 13 southern states will meet in Washington next Wednesday to complete plans for a "Slow Down and Live" safety campaign to be held from Memorial Day to Labor Day.

Seven of the northeastern states will meet in Boston Tuesday to draw plans for their part of the campaign. Safety coordinators from Pennsylvania, Delaware, Maryland and New Jersey met yesterday to outline their part in the safety drive.

The southern states held regional meetings earlier this month. Paul E. Burke, chairman of the Northeastern State Safety Coordinators, said the northeastern group hopes to meet with representatives of all 48 states at an October meeting of the National Safety Council with the objective of getting all to participate in the 1955 campaign, anticipated alone last year.

They are Maine, Vermont, New Hampshire, Connecticut, Rhode Island, Massachusetts, New York, Pennsylvania, New Jersey, Delaware and Maryland.

The southern states joining in this year's campaign are North and South Carolina, Georgia, Florida, Alabama, Tennessee, Arkansas, Kentucky, Texas, Louisiana, Mississippi and West Virginia.

MAY DISCIPLINE MAYOR

WILKES-BARRE, Pa. (AP)—President Judge W. A. Valentine of Luzerne County court has ordered former Mayor Anthony B. Dreier of Nanticoke, Pa., to show cause why he should not be disciplined as an attorney.

The order was handed down by the jurist yesterday at the request of the Board of Censors of the Luzerne County Bar Association. Dreier resigned as mayor of Nanticoke last Dec. 7 after he had been found guilty on charges of misbehavior in office. He received a suspended sentence.

43,000 Evergreen Seedlings Put Out

Adams County farmers this week received approximately 43,000 evergreen seedlings as a gift of the Adams County Soil Conservation District.

R. S. Long, soil conservation service technician, today reported that in addition to "species of trees favorable for growth in all types of soil conditions in Adams County," 2,600 shrubs were also distributed among the county farm populace.

The trees, which included white pine, red pine, scotch pine, Norway spruce and larch, will be planted to control erosion on hill-sides on idle acres, and as inter-plantings between existing trees of more desirable species.

The shrubs include: Silky Cornel, Tatarian Honeysuckle, Bayberry, Lespedeza Natob, Lespedeza Japonica, Multiflora Rose, Crabapple, Autumn Olive, and Caraberry. They will be used to control erosion, as living fences, and as a means of providing cover, protection and food for wildlife.

New Shopping Center Will Be Erected

PHILADELPHIA (AP)—Plans for a multimillion dollar shopping center on the Bethlehem Pike in the Flourtown area just north of Philadelphia were disclosed yesterday by Food Fair Stores, Inc.

The company said it has signed agreements to buy a total of 24 1/2 acres about one mile north of Chesnut Hill, and will erect a market with 20,000 feet of floor space as the first store. Plans include parking space and provisions for other stores, one of which may be a department store.

The tract is on the east side of Bethlehem Pike just north of Mill Road, and has a frontage of 900 feet on the main road. Five separate parcels of land were acquired for a total of \$202,000.

RUSSIA AGAIN DEMANDS BIG 5 GENEVA MEET

By MARC PURDUE

PARIS (AP)—Russia demanded anew today that the Geneva conference be expanded into a "Big Five" meeting, giving Communist China equal status with the United States, Britain, France and the Soviets.

The Soviet demand, made before and emphatically rejected by the Western Big Three, came again in notes delivered in Washington, London and Paris.

French Foreign Office sources immediately indicated they felt the new Russian note would not postpone the opening of the Geneva talks, now scheduled for Monday. The French said the Russian communication does not necessarily require an answer since it merely restates a previous Soviet position. The Western Powers contend that Russian Foreign Minister Molotov agreed at Berlin that Communist China was only "invited" to the Geneva meeting, and was not one of the major convening powers. The communique issued at the end of the Berlin meeting specified that Red China's attendance at Geneva would not constitute diplomatic recognition of Peking.

Hold Closed Session
The latest Russian move became known as the foreign ministers of the North Atlantic Alliance met in Paris for a confidential preview of the Western Big Three's strategy plans for Geneva.

After brief warning remarks from Lord Ismay, their British secretary general, the 14-nation NATO Council of Ministers closed their doors on outsiders to hear from U. S. Secretary of State Dulles, British Foreign Secretary Eden and France's Foreign Minister Georges Bidault.

With military plans for the year decided last December, the NATO foreign ministers' attention focused today entirely on world political problems — particularly the Korea and Indochina questions to be discussed with Russia and Communist China at the Geneva meeting beginning Monday.

Today's Talk

By GEORGE MATTHEW ADAMS

EXAMPLE AND PRAISE

I recently watched a trainer of dogs and was impressed with two things that he emphasized—example and praise. He illustrated it all with his own trained dog, and had others follow the example and then always patted and praised his dog for everything done.

I have been interested in many sports that I felt I could excel in, such as golf, tennis and bowling. I always started off by watching how the experts played. Their example was the outstanding thing and, of course, when I did well I liked the praise of my instructor. The example and then the praise for good work done make all the difference.

Recently I heard a very interesting talk by Lady Astor, and I shall never forget one thing she said. She said she had great respect for her "betters." If we all bear that in mind we will constantly grow better ourselves. I have noticed in the circus how the trainers and handlers of animals always were kind to their animals and rewarded them with small bits after a good performance. Each one of us, to a degree, an intelligent animal. We better ourselves through the example of our betters, and none of us is reluctant to accept praise!

John Muir told a wonderful story in his little book called "Sticks." They had been out all day and in returning over the ice, the naturalist carefully crossed a dangerous stretch, the dog watching him. Time and again he tried to imitate his master, but turned back. Finally the dog made it and he was so pleased with himself, and the praise he got, that he jumped into the air and rolled over, and barked his happiness.

A nation's life would not be very inspiring without its examples of heroism, and we should never fail to praise them all. I wish there was more of this in politics, regardless of any party adherence. A good deed is always worthy as an example and deserves praise.

Tomorrow Mr. Adams will talk on the subject: "A Quiet Hour."

Just Folks

TABLE MANNERS

When company comes here for tea I'm just as good as I can be. I sit up straight before the table and eat nicely as I'm able. My hands are always clean and white.

And I do things exactly right. I do not cram my mouth with food. For mother says that's very rude. I never sprawl my arms out wide. But keep my elbows at my side. That may be proper, but I'll say. It's awful hard to eat that way.

When company comes here to eat I don't slip back into my seat. But sit up very stiff and straight. And wait until I get my plate. My table manners are correct. And all that grown folks should expect.

I never shout for things I see. But wait until they're passed to me. And that is proper; but, I'll say, I miss a lot of food that way. 'Cuz they forget to ask if I would like another piece of pie.

And when they're serving out the cake

The biggest piece I never take; The table cloth I never smear. The way I do when folks aren't here. I'm just as proper as can be. When company is here to tea, I always try the best I can.

To be a little gentleman. But, oh, I like it better when The company goes home again. 'Cuz I get more to eat at night. When I don't have to be polite.

Ike Pleads For Cooperative Peace In World To Avert Red Domination; Talks To ANPA

By JAMES DEVLIN

NEW YORK (AP)—President Eisenhower likens Communist aims to those of Adolf Hitler and counsels the free world to build a cooperative peace to avert Red domination.

"Aggression is still a terrible reality," he said last night at a dinner of the American Newspaper Publishers Assn.'s Bureau of Advertising.

"Either the nations will build a cooperative peace or, one by one, they will be forced to accept an imposed peace, now sought by the Communist powers, as it was by Hitler."

The President, sun-tanned from his Georgia vacation and dressed in formal evening clothes, declared:

Horror Or Peace
"If this is not to be an age of atomic hysteria and horror, we must make it the age of international understanding and cooperative peace."

"Even the most rabid Marxist, the most ruthless worshipper of force, will in moments of sanity admit that."

An unprecedented police guard was posted for the President, largely because attacks on American public officials by Puerto Rican Nationalist fanatics have been plotted in New York.

Says Press Can Do More

One thousand policemen lined the President's route between La Guardia Airport and the Waldorf Astoria Hotel, where he spoke.

Approximately 250 policemen were stationed in and around the grand ballroom during his address. The President disavowed any intention of telling the publishers "how to run your business" but suggested the press could do more to promote domestic unity and international understanding.

No McCarthy Reference

More than 2,000 publishers, advertising men and guests applauded when he said, "The press should give emphasis to the things that unite the American people equal to that it gives to the things that divide them."

"If proposed laws and policies are described as mere battlegrounds on which individuals or parties seeking political power suffer defeat or achieve victory, then indeed is the American system distorted for us and for the world," he said.

Without referring to current hearings on the dispute between Sen. Joseph R. McCarthy (R-Wis) and the Army, Eisenhower said: "If the day comes when personal conflicts are more significant than honest debate on great policy, then the flame of freedom will flicker low indeed."

SEN. M'CLELLAN IN DARK ABOUT M'CARTHY PLOT

HOUSTON (AP)—Sen. McCarthy (R-Wis) has charged that "some good men are being used" in cleverly laid plans to wreck the anti-Communist work of his Senate subcommittee.

He called no names but said efforts are being made to change committee rules so as to prohibit hearings unless a specified number of senators are present.

He gave no further details of the alleged plot during a San Jacinto Day speech Wednesday in the shadow of the 570-foot monument marking the site of the battle in which Texas won its independence from Mexico 118 years ago.

No Change In Rules

In Washington, Sen. McClellan (D-Ark), senior minority member of the subcommittee, said there is no effort by anyone on the committee to change the rules.

"I don't know of any pending effort to change the rules," he said. "I don't know what he's talking about."

Immediately after the 47-minute San Jacinto speech McCarthy departed for Washington to take part in today's opening of what he called a "television show of Adams versus Cohn."

He referred to the long-delayed hearing into his dispute with the Army.

Mundt Was Right When He Said "We're All On Spot"

By JAMES MARLOW

WASHINGTON (AP)—With the nation observing him through the narrow eye of a TV camera, Sen. Mundt, the chubby Republican from South Dakota, said almost genially: "Everybody is on the spot."

No matter who else is lying in the row between Sen. McCarthy and Pentagon officials, Mundt was stating a fact as he opened the Senate's extraordinary inquiry into the dispute yesterday.

There's been nothing like this case in which the whole country, deeply divided on the subject of McCarthy, is watching for evidence of truth or confirmation of a prejudice.

Determined To Be Fair

While the careers of the Army officials or McCarthy may be wrecked before this is over, the seven senators conducting the inquiry can suffer damage, either to their reputations or later at the polls.

With partisanship in the case strong as it is, fairness of the senators making the investigation is expected if the public is to form an impartial judgment.

Mundt, acting as chairman, showed his vivid awareness that all of them had a stake in the case by saying: "It is our joint determination to conduct these hearings with maximum degree of

dignity, fairness, and thoroughness."

Extraordinary Affair

If this sounded self-conscious, it was understandable: other members of Congress and newspapers weeks ago expressed doubt that this committee should handle the investigation of its own regular chairman, McCarthy.

But at least Mundt's assurance of fairness was extraordinary in itself. It is a rare day in Congress when an investigating committee feels it necessary to pledge impartiality beforehand.

But this investigation is extraordinary for more reasons than that.

Unmatched For Suspense

Besides being the most widely televised congressional inquiry in history, it has a suspense unmatched by major investigations of recent years.

No one can predict the outcome. McCarthy may emerge stronger than ever, or he may come out of this ruined politically. He never before faced such a test for his political life.

He is in a dramatic role here: as one man who forced a showdown with the Army. His following may increase enormously, or dwindle away.

Nation Can Judge

The Army officials may emerge with their reputations intact or

TIMBERLAND BURNED

even strengthened. Or they may turn out to be pretty shoddy.

Most of the nation outside Washington has had to form its judgments about McCarthy, for or against him, in a few speeches here and there, a few TV appearances when he had a prepared statement and therefore everything in his favor, and in printed reports of his doings and his statements.

But now day after day on the TV screen the nation can look into his face and watch him operate and judge his fairness, his tactics and his veracity.

Warriors Bow To Hanover 15-11 In Wild Contest As South Penn League Opens

A 10-run first inning enabled Hanover High School's baseball team to withstand the late inning surges of the Gettysburg High nine here Thursday afternoon to win a 15-11 decision in a wild and woolly South Penn League game.

The Nighthawks, co-champions with Gettysburg last year, combined six hits, including homeruns by George Rohrbaugh and Larry Rohrbaugh, with five Warrior errors and a base on balls to set up the verdict in the opening frame.

Two walks and George Rohrbaugh's second homerun of the game in the second inning gave the invaders three more tallies.

Coach Howard Shoemaker's outfit kept pecking away at Whistler. Hanover starter, and finally eliminated him from the scene in the sixth with two runs.

In the last of the final inning the Warriors threatened to pull the game from the fire. Fred Furney was safe on an error. After Joe Bushey fanned, Danny Roth, Cloyd Spence and Bobby Rohrbaugh drew walks which resulted in Forry replacing Hess on the mound for Hanover. A fielder's choice produced the second run and then Forry fanned two batsmen to end the contest.

The loss was the second in as many games for Gettysburg who next meet Shippensburg on the latter's field in another league game Monday.

Shippensburg dropped a 6-5 league game in 10 innings at Chambersburg Thursday.

MICH. QUESTS 3RD RELAY WINS

PHILADELPHIA (AP)—Michigan of the Big 10 sought to repeat for the third straight year in two championship events today as the 60th annual Penn Relay Carnival opened on Franklin Field.

The Wolverines counted on their crack distance medley relay quartet to outlast a classy field in that test of stamina and speed, and looked for Capt. Roland Nilsson to hurl the discus further than any other competitor for the third consecutive year.

The Big Mile
A record breaking 511 colleges, high schools, junior high schools and elementary and parochial schools entered the two day track and field bing. The Benjamin Franklin Mile Saturday, featuring Murray Halberg of New Zealand and such outstanding American runners as Mal Whitfield, Horace Ashenfelter and Fred Will, is the headline event.

In addition to the distance medley and the discus, three other college championships will be settled today—the two mile run, 400 meter hurdles and the heptagonal mile. All other major finals will be contested on Saturday and will be televised nationally over the DuMont network.

Albany, Wilkes-Barre Chalk Up Victories

By THE ASSOCIATED PRESS
Two visiting clubs — that got their lumps in opening play two days ago — have turned the tables on their Eastern Baseball League rivals.

The Albany Senators evened their record at 1-1 last night by shattering the Schenectady Blue Jays, 14-5, and the Wilkes-Barre Barons squared things with the Williamsport Grays, 9-5.

Rain halted the only other scheduled game after one inning with the host Elmira Pioneers leading the Binghamton Triplets, 2-1. The Reading Indians and Allentown's Redbirds were idle.

Openers Sunday South Penn

The South Penn Baseball League will open its 84-game schedule Sunday afternoon when all eight teams are listed for action.

Games scheduled for Sunday at 2 p.m. are as follows: Wenksville at Bonneauville, Brushtown at Greenmount, Harney at Hunters-town, and Mummasburg at Taneytown.

Last year Bonneauville won the regular season title while Taneytown copped the playoff championship.

PIRATES FACE BIG SERIES AT EBBETTS FIELD; TUMBLE GIANTS

By BEN PHLEGAR
AP Sports Writer

Pittsburgh's "Who Kids" tangle with the Brooklyn Dodgers tonight, hoping they can carry over at least some of the luck they had against the New York Giants.

The four-game Brooklyn series is an important one, not only to the two clubs, but to the rest of the league as well. It has been the Dodgers' almost unfailing ability to make the Pirates play dead the past two seasons that has eased the Brooklyn pennant path.

In 1952 the Dodgers beat the Pirates 19 times. Last year they beat them 20 times. The other clubs' chances of catching Brooklyn while the Dodgers had such hospitable "cousins" were just about impossible.

Diagnosed The Giants
This is the first full-scale series between Brooklyn and the "Who Kids," so called because who ever heard of them. More than half of the Pittsburgh starting lineup never had played in a major league park until two weeks ago.

Center fielder Frank Thomas is the only member of the lineup that who has played as many as 100 major league games in a season. And he's in his second year in the big time.

Despite their limited experience the young Pirates already have diagnosed the Giants to perfection. They've met four times. Pittsburgh has won three and put up a stiff battle in the other contest.

Hal Rice Homered
The Pirates and Dodgers have played once this season, in Ebbetts Field last week, where the Dodgers won 7-4.

Against the Giants yesterday the Pirates got their first nine-inning performance by a pitcher, George O'Donnell, last season's Rookie of the Year in the Pacific Coast League, stymied the New Yorkers on eight hits and should have won even easier except for a pair of errors in the eighth inning.

Hal Rice, who came to the Pirates last year from the St. Louis Cardinals, homered with two aboard in the first inning and the Giants never came close to catching up.

Orioles Trip Tribe
The only other major league action yesterday was at Baltimore, where the Orioles tripped the Cleveland Indians behind the five-hit pitching of Duane Pillette 4-1. Baltimore pounded Mike Garcia from the box before he could get anybody out in the first inning. Art Houtteman checked the Birds on four hits the rest of the way but Pillette was the master. The only Cleveland run came in the first when Pillette walked Larry Doby with the bases loaded.

Biglerville and Boiling Springs took over familiar spots in being deadlocked for first place in the Adams County Scholastic Baseball League as the result of victories Thursday afternoon.

The Cannons snapped a five-game winning streak of Fairfield with a 4-2 triumph at Biglerville while Boiling Springs blanked Newville 3-0 on the Bubbler's diamond.

Lee Dugan, Biglerville hurler, gave up but two hits and fanned 11 in stopping previously unbeaten Fairfield. Dick George, Fairfield moundsman, was touched for seven hits while he whiffed six. The victory enabled Biglerville to remain unbeaten in three games.

New Oxford crashed into the win column for the first time after four losses by topping East Berlin 8-1 at Abbottstown where East Berlin will play its home games. Don Wiseman hurled four-hit ball for the winners and was backed by an 11-hit attack, three by Bream.

Littlestown handed York Springs a 6-1 reverse at York Springs as Jay Showmaker permitted but three hits. The Thunderbolts were aided

youngsters and the guests who included most of the sports staffs of both Gettysburg College and the high school.

Henry T. Bream congratulated the team members on "the splendid job you have been doing for your school and your community."

Dr. Keefe expressed the thanks of the school system to the Moose and told the group "it makes us feel good to know that organizations such as the Moose are back of us in our programs at the schools."

Principal Lefever observed: "I am very glad Director Steffen is here to observe the work of the local Moose lodge. It is not just tonight but constantly that the lodge has been active in community affairs. I know of no organization in the community that takes a greater interest in the community and its youth than our local Moose lodge."

Staff Introduced
Lefever introduced the following members of the high school athletic staff: Mrs. Edward Brownley, Fred G. Troxell, John Cervino, George Forney, Howard Shoemaker, Luther Sachs, and James Feathers. Henry Bream introduced the college athletic staff members present, Romeo Capozzi, Jack Shainline, James Lentz and Glenn L. Bream, president of the Athletic council at the college.

Judge Sheely extended his congratulations to both the students and the Moose.
"Shorty" Miller told the group the first football game he ever officiated, occurring 39 years ago, was a Gettysburg College game on Nixon Field. On that day, he said Henry T. Bream, then a sophomore at the school, broke his leg in the game.

He praised the late Eddie Plank, terming him "one of the greatest immortals of baseball," adding: "You can take inspiration from one of your own townsmen who became one of the greatest players in the major leagues and was always a gentleman."

Cites "Determination"
Mentioning a number of outstanding athletes, Miller said: "Determination is the great characteristic of great athletes. They have the will to stay in fighting to the last moment of play. And you find that they generally are soft spoken, gentlemen, clean players, but they play fair and hard and keep going when the pressure is on."

Introduced as members of the committee in charge of the dinner were the following Moose officials: Past Governor Robert S. Neary, Junior Governor Nevin Bush, Pre-late Merle J. Hankey, Secretary Charles L. Lauver, Treasurer-elect Bernard Cole, Pre-late-elect Jacob Small, Trustees Willis Conover and Clifford Harman, Sergeant at Arms Frank Yingling, Inner Guard Lester Oyler, Outer Guard Lester Martin, Athletic Committee members Michael Tate, George O'Connor, Ralph Johnson and Eugene Cole, and the manager of the Midget league team, Francis "Bud" Knox.

MOUNT SPLITS WITH LOYOLA

Mt. St. Mary's and Loyola divided a pair of Mason-Dixon Conference baseball games played Thursday afternoon at Baltimore, the Mountaineers winning the opener 8-4 while Loyola captured the nightcap 9-5.

The Mountaineers were forced to stage a seven-run rally in the final inning to win the first game. Trailing 4-1 going into the final stanza, the Mount took advantage of the wildness of Jack Benzing who walked three straight batsmen. Cox relieved Benzing and Bill Costenbader beat out an infield hit, Ward Clark doubled, Green singled and two Loyola errors followed to produce the winning runs. Clark hurled the distance for the Mount, giving up but four hits and fanning 14.

Loyola copped the second game in easy fashion after tallying four runs each in the first and second frames.

Mt. St. Mary's now has a 3-2 conference record and a 3-3 season mark. Today Shippensburg will play at Emmitsburg and Saturday Baltimore will be at Emmitsburg in another league contest.

SPEEDWAY TO OPEN TONIGHT

Sportsman model stock car racing will return to the Lincoln Speedway, near Abbottstown, this evening, with a 25-lap feature opening a 25-event schedule that will end October 8.

The Lincoln oval has been completely "overhauled" with improved lighting, better sound system, better track conditions for drivers and vehicles and improved seating facilities. Higher banks have been constructed on the turns to allow for more speed and a special mixture has been put on the track to eliminate dust.

Back again to provide thrills for the fans is the Penn-Mar Stock Car Racing Association—130 strong in cars and drivers. Penn-Mar has grown to the point where it is now able to run at four tracks.

Again running with Penn-Mar are Bud Hamilton, leading pointman from Rising Sun; Vic Nauman Jr., runnerup from Elizabethtown; Walt Ragan, Lancaster; Fred Jones, York; Hilly Rife, New Oxford; Julie Gough, Gene Holcomb, Jack Raezor, Stan Zelek and many others.

On June 4, a 150-lap late model stock car race will be held as a highlight of the season. On June 18, a 50-lap three-state championship event is scheduled while on August 6 a 150-lap championship will be staged. The Penn-Mar championship will be held September 17 while the track will conclude activities with a 25-lap Eastern Seaboard championship event on October 8.

All racing will be on Friday nights starting at 8.

Jack Onslow, former manager of the Chicago White Sox, is a scout for the Boston Red Sox.

FIND BODY OF FUGITIVE IN JERSEY WOODS

MILLVILLE, N. J. (AP) — An autopsy was performed today on the body of a 27-year-old truck driver who had been sought in the slaying of his alleged common-law wife.

George Lowers' body was found last night in the woods about 15 miles from here. A bullet had entered his head at the temple. The body of his purported common-law wife, Mrs. Doris Neall, 26, was found less than a mile from here on April 11. She had been shot.

The pilot of a private plane, Dewey Genest of Bridgeton, spotted Lowers' body last night. He had an aerial search of the area after pieces of clothing and a shoe were found in the woods.

Genest noticed Lowers' body, put down the plane in the middle of a road and directed a ground search party to the scene.

Police said Mrs. Neall was shot April 9 and that Lowers had been missing from this South Jersey community since then. When the woman's body was discovered, police also found a .25 caliber pistol nearby.

Mrs. Neall had worked as a tavern waitress in Baltimore after

Three Forest Fires Burn 1,000 Acres

STROUDSBURG, Pa. (AP)—Firemen battled for 14 hours yesterday to bring under control three converging forest fires which burned through 1,000 acres of timberland in the Pocono Mountain resort area near Cresco, Monroe County. Firemen saved six homes in the path of the flames by putting up firelines around the structures. Firemen said the fires were the largest in this section in several years. There have been eight such fires this week alone in the dry woodland.

The latest fires began from three small blazes discovered along the Delaware, Lackawanna and Western Railroad mainline between here and Scranton, firemen said.

Another fire, which burned over 20 acres in Lehigh Gap, also was brought under control. It had started on Tuesday.

leaving Lowers several months ago, police said. She apparently returned here to pick up her 18-month-old son, Dennis. Police said it was believed Lowers was the father of the boy.

Neighbors told police the couple lived in nearby Cedarville for about five years, but split up after a quarrel last December. After Mrs. Neall's body was found, police said they thought a fight over custody of the boy might have had something to do with her death. Cumberland County Prosecutor George H. Stanger ordered the autopsy on Lowers' body.

CAR FINANCING LAW TO CHANGE

HARRISBURG (AP) —You may have bought that sleek, new automobile for the last time under horse-and-buggy financing laws. After July 1, the new Commercial Code is likely to eliminate the "fine print" at the bottom of your sales contract. And fuzzy verbiage like "bailment lease," "chattel mortgage," and "conditional sale" will be out the window.

Instead, your contract with the automobile dealer will be known as a secured transaction which in essence simply means an agreement to buy something on credit.

The Commercial Code, enacted by the 1953 Legislature, is designed to simplify thousands of commercial transactions. Pennsylvania was the first state to enact the code as part of a move to make it law throughout the United States.

The American Law Institute and the National Conference of Commissioners on Uniform State Laws spent five years and more than \$400,000 in drafting the model law.

Basically, the code incorporates the best of hundreds of court decisions into statutory law. The court decisions had the effect of law but, among different states, differed in their interpretations.

Make Plans For New Transit Line

PHILADELPHIA (AP) — City officials revealed yesterday plans for a high-speed transit line through northeast Philadelphia, to route subway cars through an open ditch in the middle of a new express road.

The highway would parallel Roosevelt boulevard starting from Adams avenue, and would extend to the Bucks County line. At the end of the high-speed line, the new express highway, to be named Northeast avenue, would be intersected by another new express road from the Delaware River to the Montgomery County line.

Price tag for the transit line alone, including a tunnel connection to the Broad street subway, was estimated at 100 million dollars. Councilmen H. J. Tate and John F. Byrne who sponsored councilmanic bills placing the new highways on the city plan, said they hoped it might be possible to start construction in 1957.

HARRISBURG (AP) — A Temple University spokesman said Wednesday the school will establish a graduate center here in conjunction with courses now being offered by Elizabethtown and Lebanon Valley Colleges.

R. V. Phillips, director of the off-campus division of the school, said the courses will primarily be for teachers at post-graduate levels.

SAYS U. S. POWER THREAT TO REDS

WASHINGTON (AP) —Air Force Gen. Thomas D. White said today that "our ability to deliver destruction over intercontinental distances and our development in bombs of tremendous power represent a sword over the Soviet head that cannot be ignored."

And, said White, the vice chief of air staff, "like all bullies, the Soviet Union is only interested in combat when the odds are favorable."

In an address prepared for a meeting of the Sons and Daughters of Pilgrims, White said it was only in the air and at sea that the United States and her allies had the balance of power.

He said Soviet Union ground strength numbers 175 divisions, that of the European satellites 75 divisions. And "the Soviet controls the Red Chinese forces of the world's second most populous nation," he said. He added:

"Against this horde, America has 20 ground divisions. Our allies are planning to contribute many additional divisions, but at best the ground forces of the free world are seriously outnumbered."

near Caledonia, were outlined. This weekend, Saturday and Sunday, three events will take place for scouts and officials of the Black Walnut and Conewago districts. An Explorer "Mulligan" for older scouts will be held at the Gladio Lodge between Hanover and Spring Grove. A scoutmasters basic and junior leaders training camp will be held at Camp Conewago, near Dicks Dam, and the Order of the Arrow will hold its spring "Ordeal" at Camp Tuckahoe. As part of their activities the members of the Order of the Arrow will prepare Camp Tuckahoe for a convention of Order of the Arrow members from area 3-E, which includes the south central counties of Pennsylvania. The convention will be held at Camp Tuckahoe May 1 and 2.

Monday a ro ndtable for scout, cubbing and explorer leaders will be held at Camp Conewago, starting with a dinner there at 6:30 o'clock.

May 3 will mark the beginning of the big push for the pageant to be presented in June by the York-Adams area council at York, Scout Field Executive Charles S. Harris reported.

Camp Tuckahoe will open June 27, Harris said. So far no Black Walnut registrations have been received by the council office.

The annual Catholic retreat will be held for scouts of the Catholic troops June 11, 12 and 13 at Camp Conewago.

Explorer scouts are "more than welcome" to attend Camp Tuckahoe, but a special program is being prepared for Explorer scouts because many have spent several summers at Tuckahoe, Harris said. Twenty-six Explorers from the York-Adams area are scheduled to attend Camp Phillmont in New Mexico. A 2,000 mile trip to Canada is being planned, a week's program at an air base is also scheduled and in connection with the Baltimore council, arrangements are being made for a sea cruise with the Navy.

The procedure for troop inspections as outlined by the national regulations was presented by Dr. Frank T. Watson, district commissioner, who said that the troop inspection program as carried out this

year "do not conform" with the recommended national program. He said that next year, the inspections will follow the national system. He urged that institutional representatives attend the district meetings as a means of building up more interest and knowledge of scouting. He said their attendance is "vitally important."

Expensive Project
Watson said there has been much discussion concerning the possibility of setting up "regional" offices in the Black Walnut and Conewago districts "so we won't have to run to York all the time." Attorney Edward B. Bulleit, a member of the area council board, said such offices would add "possibly" \$25,000 to the council budget and that as a result it was impossible to establish such offices with the funds available.

Attorney Hartman said arrange-

ments have been made for Harris to be present in the Black Walnut District Wednesday and Thursday of each week and in the Conewago district and York the remainder of the week. Monday will be the York day. Hanover, he added that for the duration of the pageant preparations the schedule will be subject to change to permit Harris to assist in the council activity.

Walker Woods, a member at large of the district committee, said, "We think Mr. Harris is doing a good job, but we want more of his time."

Troops with older scouts wishing to serve as Junior leaders at Camp Tuckahoe were asked to call Harris for applications. The Junior leaders will be selected from those applying throughout the entire council.

Harris announced plans for a Spring Frolic by the Explorer scouts June 5 at Camp Tuckahoe.

GUESTS HAPPIER-CHURCH INCOME HIGHER WITH NEW MONROE TABLES

The above comments are typical of the thousands who receive from church people who have found in Monroe Folding Banquet Tables the happy solution to their problems in setting up and serving church dinners, etc. And the experience of Mrs. X. could be that of any of these thousands of women connected with churches as well as many other institutions who have purchased Monroe tables, chairs, etc. There are probably more than one "Mrs. X" right in your community to whom we could refer you.

While helping serve a banquet to raise funds for her church a few months ago, Mrs. X noticed that the guests were crowded and uncomfortable and that it was actually impossible to seat all guests at one time.

Later, Mrs. X saw and answered one of our ads and was amazed to learn from our reply of the many exclusive advantages and the low, direct prices offered only on Monroe Folding Tables. After receiving the new Monroe Tables ordered by her church, Mrs. X wrote us that their members and guests are happier and with the increased attendance at their church affairs, their income is higher since they added their new Monroe Tables.

We know you, too, would like new, modern Monroe Folding Banquet Tables for your church, lodge, club, school, etc. Write us today for catalog and special discounts to institutions and organizations. Terms up to 2 years can be arranged, 6 months with no interest or carrying charge.

ABIJAH FORESEES A DIVIDED KINGDOM

I Kings 11:28-31

Key Verse: If thou wilt hearken unto all that I command thee—I will be with thee, and will build thee a sure house. I Kings 11:28. In recent series of lessons we studied the rise of the Jewish kingdom. In Solomon's reign the kingdom reached its peak of success. Also during that reign signs of the breaking up of the kingdom began to appear. We shall study the northern Kingdom and six prophets who served a period of approximately 200 years.

Solomon began his reign well. He asked God for wisdom which he received and applied in a large measure. His people were pleased. They now had a king who developed the nation to rate highly with other kingdoms. Their ambition was gratified. In later, and less

happy years they looked back to the time of David and Solomon. When they thought of the promised Messiah they envisioned a leader who would restore the glories of those two monarchs. Solomon had some great achievements to his credit. He built the temple in Jerusalem. He ruled with justice. And there was comparative peace among the nations. His kingdom grew in extent.

Following the practice of national leaders of his time Solomon had a large harem. He cultivated peaceful relations with neighboring kings and powerful tribes by marrying members of their courts. Some of these wives brought with them, and with his permission, luxury increased. The government became extravagant. Taxes mounted and the people complained. No doubt oppression of the people

grew as the vain-glorious spending mounted. And with it all Solomon worshipped heathen gods, idols of his many wives. He came, in the later years of his reign, a godless ruler.

Then came the prophet Abijah. It is well to remember that prophets in Israel were not representatives of the people. Nor were they mere counselors to the kings in power. They were spokesmen for God. "Thus saith the Lord" was the frequent declaration of any prophet when he was laying down the law to a king who needed correction. Prophets were numerous and of varying effectiveness. Apart from Abijah's hand in dividing Israel we know little of this prophet. He introduced the matter of a divided kingdom in a truly dramatic act. Jeroboam came out of Jerusalem when the prophet met him on the way. The prophet was clad in a new garment which he took off and tore into twelve pieces. "Take for yourself ten pieces; for thus says the Lord," said the prophet. It was a bit of drama which meant that God was about to divide the kingdom and Jeroboam was to be the ruler of

the ten northern tribes. The tragedy was that the sins of Solomon had caught up with him. He was permitted to retain Judah for the sake of his father David. He too was not without sin but his repentance was genuine and accepted by God. Jeroboam became king of the northern part of the kingdom. His reign was a failure. But that will be discussed at another time.

Several factors contributed to the breaking up of the Kingdom. The first was that Solomon disobeyed God. His pride and vanity led him to believe he could rule his people without the God Who had guided him in earlier years. His success was more than he could bear. His heart turned towards pagan gods. A break-down in morality followed. The most dangerous foe to a man or a nation always comes from within and not from without. History bears testimony to that. We have a great nation, with heavy responsibilities. While we recognize the presence of exterior dangers, it is the part of wisdom to keep watch on the foes within. Character based on the teachings of the Almighty God, and obedi-

ence to Him, is essential. "I will build thee a sure house, if thou wilt hearken unto all that I command thee" is the faithful promise of our God.

EVERYONE WELCOME

Imitation of a Fisherman

Tommy has borrowed Daddy's rod and reel, a can from the kitchen waste-basket, and a couple of worms from Mama's flower garden. Now Tommy's going fishing—just like Daddy and big brother Bill.

Children like to grow-up by imitation. Even though Tommy won't catch any fish, it's fun to pretend to be a real grown-up fisherman.

The counterpart of imitation is example. That is the blueprint that Daddy and Mama and big brother Bill provide for Tommy's adventure of growing-up.

But the Church has had a vital part in Tommy's growth. Before Tommy was even born, the Church was teaching his parents and his brother the Master Blueprint of Christian Living. And right now, while it's teaching Tommy the first lessons of faith, the Church is helping Daddy and Mama and big brother Bill set the best example.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

One hundred and thirty-three members of the Littlestown Fish and Game Association Inc., and a few guests, enjoyed their annual spring banquet Wednesday evening in the Kingsdale fire hall, near Littlestown. The pictures showed the caribou, moose and bear which he bagged there and there were also many scenic views of the land. Mr. Shoemaker's pictures were accompanied by his own narration. The speaker was introduced by W. E. Stites, chairman of the banquet committee.

Special awards on Wednesday night were received as follows: Burtis Shorb received an ice chest; Marvin Miller, a light; and Jack Sell, a tackle box.

DENY APPEAL OF SERGEANT

PHILADELPHIA (AP)—The Third U. S. Circuit Court of Appeals has denied freedom on a writ of habeas corpus to an Army sergeant now serving a 17½ year sentence in Lewisburg Penitentiary on a manslaughter conviction.

The sergeant, Darold J. White, was convicted by an Army court-martial in Germany on June 2, 1950, a month after the defendant committed the slaying. His original sentence of 20 years was reduced in 1952.

The U. S. District Court for the Middle District of Pennsylvania denied White's petition for a writ of habeas corpus. White claimed he was denied constitutional and military due process at his trial because members of the court martial had been given definitions of unpremeditated murder, voluntary manslaughter and self defense.

White pleaded innocent but the Circuit Court, in upholding the District Court decision, noted that the defendant admitted for the purpose of his appeal "that the trial record contains sufficient circumstantial evidence, which, if believed, supports his conviction of unpremeditated murder."

NEW MANEUVER GETS UNDERWAY

PT. BRAGG, N. C. (AP)—An "aggressor" force, 10,000 strong, advanced on this Army base at sunrise today. It was the opening ground move in Exercise Flash Burn, this country's first major atomic defense war game.

Spread through the piney woods of the sprawling reservation were about 5,000 U. S. forces primed to resist the attack. The exercise eventually will have nearly 100,000 troops and airmen engaged in tests of atomic weapons and changing military strategy.

The Air Force's Tactical Air Command is holding a big training

exercise, Operation Tacair 54-7, in conjunction with Flash Burn. This will let the Army call for immediate Air Force support.

The first phase of Tacair 54-7 was marred yesterday when a C119 Flying Boxcar blew up and crashed south of Goldsboro, N. C. Two crew members were killed and two others parachuted, escaping with minor injuries.

HENS KNOW LETTERS

SALISBURY, Md. (AP)—Bliss U. Melson of nearby Rockwalkin thinks he has some educated hens. Periodically he finds eggs with initials on the shells. The latest alphabetical egg was laid by a White Rock and initiated with the letter "B." Melson has found other eggs with "L," "N" and "O" on them.

GLOBEMASTER DELIVERS 1ST FRENCH TROOPS TO SAIGON TODAY

SAIGON, Indochina (AP)—The first American Globemaster bringing paratroop reinforcements from France to beleaguered Dien Bien Phu touched down in Saigon today.

Stepping up its aid to French Union forces fighting the Communist-led Vietminh, the U. S. Air Force hauled the paratroopers from Orly Field near Paris Tuesday. Advances from the French capital said the Americans possibly would airlift 1,000 troops in 10 planes.

En route they were forced to detour from the direct Europe-to-Asia commercial route to refuel at the British base at Colombo, Ceylon. India's Prime Minister Nehru announced that his government would permit no foreign troops to cross Indian territory, by air or by any other route.

Dispatches from Colombo said

three of the giant, troop-packed Globemasters landed there yesterday and two more came in today. Bangkok, the capital of Thailand, was their next stop before Saigon.

Two hundred and twenty jump-troops, wearing their characteristic berets, were aboard the first Globemaster landed here by the airlift's American crew.

The reinforcements were sorely needed at Dien Bien Phu, the beleaguered French fortress in north-west Indochina where the Communist-led Vietminh are going all out for a major victory to influence the impending Geneva conference on Far Eastern affairs.

Inflict Heavy Losses

There today the rebel troops smashed again into the northwest defenses of the shrinking French Union fortress and a French communiqué said fierce hand-to-hand fighting was in progress.

The brief French communiqué did not indicate whether the continuing see-saw battle for the northwest defenses was the start of the anticipated third mass try at overrunning the battered French defenses on the encircled plain.

The Vietminh were driven out of some forward points in the northwest corner yesterday by fierce counterattacks.

McCarthy Hearings Not Highly Popular

By THE ASSOCIATED PRESS

Public interest in televised sessions of the McCarthy-Army hearings apparently lagged far behind the enthusiasm that crippled business and left household chores undone during the 1951 Kefauver crime hearings.

From city after city, where daily routines were stalled by the crime hearings, came reports that business was normal during the Washington hearings yesterday.

However, television industry officials still figured the audience was vast. It was potentially much greater than the one three years ago because of substantial expansion of TV broadcasting and number of sets since then.

Most reports agreed with one from Providence, R. I., saying yesterday's hearings had nowhere near the popular appeal of the Kefauver sessions.

ORANGEBURG, S. C. (AP)— The Town Players here hope their production of the Broadway hit, "Bell, Book and Candle," won't do what a hen did on the flats of their stage set. The hen's production: one large egg.

New Oxford

NEW OXFORD — Mrs. Edith L. Weaver who marked her 72nd birthday shortly before Easter, has recovered from an illness.

Mr. and Mrs. Joseph L. Perry and children, Baltimore, visited here over the Easter holidays and also to spend some time at the Warner hospital with her mother, Mrs. Arthur S. Noel, who is recuperating nicely from a leg fracture sustained in a fall April 6.

First Communion Day for a group of primary age youngsters of the local Catholic parish is scheduled for Low Sunday, April 25, at the 7:30 Mass which will be a high Mass.

Mrs. Mary Moul Rudisill, teacher of Harbold's School near East Berlin, was the teacher of the Paradise Twp. school winning the monthly prize for the highest number of parents present at the PTA meeting.

Mrs. Clair Rohrbaugh was hostess during the week to the Always Faithful Class of the First Lutheran Sunday School with Mrs. Charles Taylor and Mrs. Lester Walton as co-hostesses.

Arsenal Given Scare By "Martian" Prank

PHILADELPHIA (AP)—For a brief time yesterday, John Berkowitz, chief of Philadelphia's huge Frankford Arsenal, thought the arsenal was doomed for destruction.

"A couple of boxes, possibly containing bombs, are floating towards the arsenal in Frankford Creek," he told Lt. Milton Trimmer of the motor harbor patrol. "They have antennas."

Trimmer and a crew of three hurried to the scene, 200 feet west of the arsenal. The creek flows through the arsenal grounds.

The objects turned out to be huge tin cans with "Martian-like" coils of spring wire on each.

"Probably the work of a prankster," commented Trimmer.

All species of crocodile lay eggs.

SELL BANKER'S BELONGINGS TO PAY SHORTAGE

CLIO, Ala. (AP)— With an embezzlement charge hanging over his head, and his home being sold from under him, easy-going Royall Reynolds mingled nonchalantly with the throng yesterday as his personal property was auctioned off to help pay depositors in his merchants exchange.

About 1,500 bargain hunters and souvenir seekers laid out \$35,021 for the ex-banker's new brick home, 50 building lots, two automobiles and other items.

Bidding started at \$20,000 on the spacious home and within two minutes it had been sold for \$26,500 to Mrs. G. C. Reynolds, the aunt by marriage whose court order tied up records of the little unchartered bank and led to discovery of a \$75,000 shortage.

Chats With Friends

Reynolds chatted throughout the three-hour sale with friends in the crowd and often commented on the original price of an item brought up for auction.

The plight of this little southeast Alabama community was widely publicized last month when Reynolds' 12-day disappearance brought fear of financial ruin to the town. But Reynolds came back home, and has promised to pay back about 85 cents on the dollar by selling his personal holdings and with help from relatives.

Two embezzlement charges filed by depositors soon after he left town have been dropped, but Reynolds was indicted under a general state statute and is scheduled for trial this summer.

In early English history, criminals and suicides often were buried at a cross-road and executions often took place at such points.

American Motors Is To Be Ready May 1

DETROIT (AP)—American Motors Corp., founded by merger of Nash-Kelvinator Corp. and Hudson Motor Car Co., will be ready for business May 1.

Directors of the two companies gave formal approval to consolidation yesterday in a bid to gain a larger share of the automobile market. They set May 1 for merger.

The new company will be the fourth largest in the auto industry. Hudson stockholders will get two shares in the new company for each three they now hold. N-K stockholders will swap on a share-for-share basis.

Man Indicted On Charge Of Murder

WILKES-BARRE, Pa. (AP)—Paul Graver is under indictment today on a charge of murder and involuntary manslaughter in the death of Mrs. Dorothy C. Gilhool at Harvey's Lake last December.

The 42-year-old Lehighman, an employee of the casino owned by Mrs. Gilhool's husband, was returned to Luzerne County jail after a grand jury handed up an indictment yesterday after more than a day of testimony. He is being held without bail.

No date has been set for the trial.

Present at the hearing were Luzerne County Coroner Edward Kielar, Mercy Hospital pathologist John Drapiewski and Dr. Mary Willard of Penn State University.

Dr. Willard was a key witness at Graver's arraignment last week. She testified specimens of wool fiber from Graver's room at Harvey's Lake matched fibers from a coat Mrs. Gilhool was wearing when her body was found Dec. 10.

To bee or not to bee

Meet Elmer here, who raises bees—a timid man, afraid to sneeze. He's courted Sally many years, but never can control his fears. Though Elmer's heart is all a-flutter, all Elmer's mouth can do is stutter!

One night he got down on his knees and started talking—of his bees! "Bee whose?" asked Sally, like a wink. "Bee mine!" said Elmer, who didn't think. "Be yours? Of course! I'll marry you!" cried Sally—and her folks did, too!

"Tonight I've got it!" Elmer cheered. "I've got it—just like Gunther Beer!" Gunther's got so much that's good. I'd gladly tell you if I could Just what it is that makes it click. But words alone won't do the trick. You've got to try a glass to find that certain something I've in mind. Gunther's got it—yes indeed! From your first sip, you'll be agreed. And you'll be shouting loud and clear— What's the good word? GUNTHER BEER!"

Gunther's got it!

YORK SPRINGS LIONS WORK AT CABIN GROUNDS

The York Springs Lions Club held a regular meeting Wednesday night in the form of a "Work for Your Supper Meeting." At 5:30, dressed in work clothing, the men met to work on their project of beautifying the grounds adjacent to the Scout cabin, thus creating a place where people of the community may assemble in the near future for sports, picnics and other community events. The work of making a tennis court is almost completed and it will be in use soon.

The men worked until dark and then went into the Scout cabin where they were served a meal prepared and served by Lions R. L. Pittenturf and Melvin Prosser and their wives.

The business meeting followed in charge of President Harold Miller at which time Lion Fred Stough reported the annual picnic will be held on June 18 and 19. The usual games and attractions will be available. It was announced that on the second meeting in May all members are to bring pots, pans, kettles and kitchen utensils to help furnish the newly-erected kitchen.

Nominate Officers
The following report was given by Donald Miller, chairman of the nominating committee: President, Preston B. Zerbe; first vice president, Paul E. Trump; second vice president, Harold A. Smith; third vice president, Melvin Prosser; Lion Tamer, Cloyd Shank; Tail Twister, John Breighner; secretary-treasurer, Melvin Prosser; directors for two years, Rev. Amos Meyers and Kenton Golden; director for one year, William M. Lott and Fred Stough.

A large crowd attended the annual band concert and the Easter egg hunt held on the grounds adjacent to the high school. Arthur Roth and his pupils gave almost an hour of music. In the egg hunt, in group one to six Kerry Lee Trimmer, East Berlin R. D., found the golden egg; in the group seven

to 12, Kenton Taylor, son of Mr. and Mrs. Ivan Taylor, was the winner. Both children received special Easter baskets as their reward. Preston Zerbe, general chairman, thanked the York Springs High School Band and the Lions Club members for their assistance in making the affair a success. This affair is sponsored by the Lions Club.

Fund Drive On
An Easter egg hunt was held Sunday afternoon at the home of Mr. and Mrs. Harry Mumper for their nieces and nephews. Later supper was served to the following: Mr. and Mrs. Frank McCauslin, Mr. and Mrs. Gilbert McCauslin, Mr. and Mrs. Mark McCauslin, sons Freddy and Gerald, Mr. and Mrs. Jerry Veronikis, New Cumberland; Mr. and Mrs. Richard McCauslin, son, Gregory, Gettysburg R. D.; Mr. and Mrs. Clair Baugher, daughter, Ella Jean, New Oxford; Donald, Vonnie and Mary McCauslin, Donald Stambaugh, Dillsburg.

Mrs. R. L. Pittenturf, chairman, and William Weidner, treasurer of the Salvation Army drive in this community, announced that the fund raising campaign started Monday in York Springs and surrounding area. This year the mails will carry their plea for funds. There will be no personal contacts made. Residents will receive through the mail this week an envelope marked "Resident" or "Box Holder." In the envelope will be literature explaining the work and need of the Salvation Army in the community and the world.

Narrow Escape
Junie, aged 3½ years, and Freddy McCauslin, aged two, sons of Mr. and Mrs. Mark McCauslin escaped serious injury Wednesday evening. Their father parked the car in front of the house when he came home from work. Later, hearing an unusual noise, he investigated, saw his car across the road among some trees and heard the children crying.

The boys had gotten into the car by a rear door and left it open, crawled over the front seat and in some manner released brakes, got the car out of gear and started traveling. Fortunately for the children, the car could not go more than about 150 feet.

It crossed the road, went over a stone pile, in between trees, practically tearing off the rear door before stopping against a tree. The incident caused approximately \$75 damage.

The play "Terror at Black Oaks" was presented by members of the Student Council of the York Springs High School in the Y. S. Fire Hall Wednesday night to a appreciative audience. It will be repeated tonight by a different cast and on Friday night by those chosen best out of the two preceding nights.

REDS BLASTING WEARY FRENCH IN INDOCHINA

By LARRY ALLEN

HANOI, Indochina (P)—Vietminh divisions battling to break through into the heart of Dien Bien Phu stepped up fire Thursday against weary French Union defenders at the northwest corner of the fortress.

Masses of the Communist-led rebels, pressing steadily closer to the French lines, hammered French positions with heavy machineguns and mortars. The guns apparently were mounted smack up against or under the first line of barbed wire barricades surrounding the stronghold.

A French high command spokesman said the rebels had not yet launched any infantry attacks on the corner.

Defense Lines Shrink

French guns thundered an echoing answer to the Vietminh fire. The bastion's defenders also rushed a buildup of defenses in the long string of winding trenches barring the rebels' path to the heart of the fortress. The French poured tons of ammunition and supplies into the shrinking defense lines.

The Vietminh now holds trenches on the main Dien Bien Phu air strip and are within grenade-throwing distance of some French positions. Masses of rebel infantry have moved into the two northern outposts captured from the French.

As the embattled defenders braced for the next all-out Vietminh assault—expected at any time—help was on its way. American C124s carrying French parachute troops were enroute to Indochina from France.

Rains Curb Action

The task of holding the fortress against expected mass rebel attacks looked more and more as if it would be completely up to the foot soldier. Heavy rainstorms last night turned the Dien Bien Phu plain into a sea of mud, bogging down French armor and forcing cancellation of scheduled air attacks on rebel positions. Heavy black clouds hovered over the beleaguered fortress again today, threatening more rain.

In Paris, meanwhile, it was reported the French high command in Indochina was using artificial rainmaking techniques in an attempt to bog down rebel supply lines from Communist China to the troops besieging Dien Bien Phu.

The rain thus far, however, has aided the attackers. Yesterday they dug and crawled forward without fear of French fighters and bombers, grounded by the downpour.

SIX JAILS ARE RATED "POOR"

HARRISBURG (P)—The State Welfare Department has rated six county jails as poor in providing facilities for prisoners. The counties are Butler, Franklin, Fulton, Greene, Union, and Lawrence.

Fred W. Brady, director of the department's Bureau of Penal Affairs, said however, that Butler County is planning a new prison and a remodeling program is under way in Union and Greene Counties.

Sees Polio Vaccine At Nominal Cost

PITTSBURGH (P)—Dr. Jonas Salk, developer of a vaccine designed to combat infantile paralysis, says if field tests this summer prove the vaccine effective it probably will be available to most everyone in a few years at a nominal cost.

Salk made the prediction while participating in a panel discussion here.

Dr. William McD. Hammond, a Pittsburgh epidemiologist, said vaccine now is being used principally for children because there is a higher incidence of polio in children. He said that among American adults only about two of every 100,000 are struck by polio. This is only about 10 per cent the number of children who contract the disease, he said.

NEW FRENCH PACT LOOMS

By MARC PURDUE

PARIS (P)—French and Vietnamese negotiators are preparing a "declaration of accord" granting immediate independence to the Indochina state of Viet Nam, the French Foreign Ministry said today.

The signing of two separate treaties, one granting independence and the other confirming Vietnam's membership in the French Union, will come later, the ministry explained.

It is expected the next full meeting of the negotiating delegations will give the final approval to these two treaties and that they will be initiated at the same time.

The declaration of agreement is scheduled to be issued by the negotiators' political committee.

Other committees are concerned with judicial, economic, military and cultural agreements between France and Viet Nam after the latter becomes independent.

The negotiations opened March 8. Informed sources said they could not yet announce when the full session for approving and initialing the treaties might be held, but it was hoped that it will be before the opening of the Geneva conference Monday.

LIVING COSTS DROP

WASHINGTON (P)—The government reported Thursday that lower food and clothing prices brought the nation's living costs down in March for a second month, to the lowest point since last July.

pliance is expected within 90 days," Brady explained.

The ratings are for 1953. The department annually inspects every county prison or jail with the idea of requiring county officials to maintain minimum standards.

Twenty-seven county prisons were given fair ratings. They are: Bedford, Cameron, Centre, Chester, Clarion, Clearfield, Columbia, Dauphin, Elk, Erie, Fayette, Huntingdon, Indiana, Juniata, Lebanon, Susquehanna, Venango, Westmoreland and Wyoming, and the Philadelphia House of Correction.

All other counties received good ratings under the department's system.

REDS RECALLING FUGITIVE PALS IN AUSTRALIA

CANBERRA, Australia (P)—The Soviet Union appeared today to have started yanking home any of its people in Australia who were in too close contact with the Russian Embassy's fugitive third secretary Vladimir Petrov.

In the wake of Petrov's defection to the West and the dramatic last-minute rescue of his wife from armed Soviet couriers hustling her back to Moscow, the Kremlin was reported to have recalled Victor Antonov, correspondent in Australia for the official Soviet news agency Tass, and a junior Soviet Embassy attaché, Y. E. Platkaia.

Reliable sources said the embassy commercial attaché, N. G. Kovalev, also was preparing for an early flight home.

Antonov was believed by Australian security officials to have been the chief contact man in the espionage ring in Australia which Petrov claims he headed. Petrov turned over a huge mass of documents to the Australians to back up his claim when he sought refuge from communism early this month.

One Red Flying Home

Already winging his way back to Moscow empty-handed was Embassy Second Secretary F. V. Kisiltsin, who with two armed Russian diplomatic couriers tried unsuccessfully last Monday to chaperon Petrov's tearful wife back to Russia.

Kisiltsin and the two couriers continued their flight after Australian authorities disarmed Mrs. Petrov's two burly escorts and took the woman off the Europe-bound plane at Darwin.

Granted the right to rejoin her husband as a political refugee, Mrs. Petrov left Darwin before dawn this morning in a Royal Australian Air Force plane and headed for his secret hiding place.

The government, meanwhile, drew up its reply today to a Soviet Embassy note angrily accusing its

refugee former third secretary and purported MVD security police chief in Australia with obtaining by forgery "large sums of state money." The embassy demanded that Petrov be turned over to the Russians as a common criminal.

The Australians planned to ask the Russians for detailed proof of their charges. Prime Minister Robert G. Menzies scoffed at the embassage accusation, branding it a "purely conventional Soviet allegation." He said it would in no way affect the investigation now going on by a special royal commission into Petrov's spy ring disclosures.

REBUFF SOVIET UNION AGAIN

THE HAGUE, Netherlands (P)—The Soviet Union's first delegation to a UNESCO-sponsored meeting tried to pull in another Moscow-sponsored government Thursday. The result—no sale.

Wednesday the nine-man Soviet delegation proposed that Communist China replace Nationalist China at the conference UNESCO is holding here to study ways of protecting art treasures from atom warfare. Led by the United States, the conference voted down the move 20-4, with 13 nations abstaining.

Thursday the Soviets proposed admission of a delegation from East Germany. The vote was 18-9 against the Communists, with 10

RAPS GUARANTEED WAGE
NEW YORK (P)—A General Electric Co. official says a guaranteed annual wage sought by the CIO International Union of Electrical Workers is part of an attempt to establish such a wage pattern throughout the industry.

Negotiations between the CIO union and GE started Tuesday, and yesterday were adjourned until next Wednesday.

Following the adjournment, GE Vice President Lemuel R. Boulware said in a statement that the IUE has been emphasizing the profits in an effort to achieve the annual wage.

NEW COALITION
GOVERNMENT
FOR BELGIANS

BRUSSELS, Belgium (AP) — Belgium had a new Socialist-Liberal coalition government today, but a regime still committed to European unity and strengthening Western defenses. The new Premier is Socialist leader Achille Van Acker, who has held the post twice before.

Van Acker announced last night he had formed a two-party cabinet to replace the four-year-old Socialist Christian regime of Premier Jean Van Houtte, which was defeated in the parliamentary elections April 11.

Paul-Henri Spaak, former premier and onetime president of the U.N. General Assembly, was named foreign minister in the new cabinet of nine Socialists and seven Liberals. Spaak is one of the leaders of the European unity movement.

The Socialists and Liberals together hold 111 of the 212 seats in the lower house.

DEATH CLAIMS
EARLY RANGER

PITTSBURGH (AP)—George Washington Armstrong, one of Pennsylvania's first forest rangers and a pioneer conservationist, died Thursday at the home of his daughter. He was 101.

Armstrong, a native of Clinton County where his parents settled near an Indian village after coming here from Ireland, became a forest ranger in 1910 and remained in the service until 1928 when he was retired.

He continued to operate a 16-mile fox trap line until four years ago when he suffered a stroke. He estimated he had killed more than 500 deer and 165 bear during his life.

Armstrong had resided with his daughter, Mrs. William D. Callahan, for several years. He is survived by two other daughters and a son.

Wilson Reports On
Military Situation

WASHINGTON (AP) — Increasing capacity of the U.S. Air Force to strike back against attack, Secretary of Defense Wilson says,

"gives full warning to any aggressor of the possible consequences of rash action."

In his semiannual report to the White House and Congress, Wilson said Wednesday a review of the whole military situation was aimed at developing strategy "that would deter both a major war and local aggression and . . . could be implemented and maintained without undermining the social and economic foundations of the nation."

"Military strength," he wrote, "is becoming greater through the development of increased firepower on land, on sea and in the air and through the deployment of our forces in a way that will make them more readily available whenever they are needed."

WANTS TO BUILD NEW RESERVOIR

WASHINGTON (AP)—Sen. Martin (R-Pa.) says he is trying to get construction started on the proposed 17-million-dollar Bear Creek Reservoir on the Upper Lehigh River near White Haven, Pa.

Commencement of the project, which was authorized in 1946, would "constitute a remedial action for the unemployment problem in the anthracite region," the senator said in a statement yesterday.

The flood control reservoir would impound 110,000 acre-feet of water. The Army Engineers have thus far spent \$520,000 in planning and other work.

"Current estimates indicate an expenditure of about 17 million dollars," Martin said. "It is estimated that it will take four to five years to complete the project. Flood protection will be provided for 17 communities along the Le-

Dr. Karl T. Compton Gets Dickinson Award

CARLISLE, Pa. (AP)—The Dickinson College Priestly Memorial Award for contributions to the welfare of mankind through physics was presented yesterday to Dr. Karl T. Compton, authority on the development of atomic energy.

The award was made at the close of the college's annual one-day observance in honor of the late Joseph Priestly, discoverer of oxygen.

Priestly died and was buried in Northumberland County 150 years ago. He was living in exile from England.

Dr. Compton is a former president of the Massachusetts Institute of Technology and now is a member of its board.

He is a member of the Atomic Energy Commission panel and served on the commission's personnel security review board in 1947 and 1948.

"It is felt that detailed plans are now at the point where construction could be undertaken almost immediately if an appropriation is made."

COURT RETAINS 3 PETITIONS

PITTSBURGH (AP)—The State Superior Court wound up its spring session by refusing to throw out the nominating petitions of three candidates for the Delaware County Democratic committee.

The court at its final session yesterday turned down an appeal by Lawrence A. Conner Sr. of Chester, who sought to invalidate the nominating petition of Stella Snyder, Richard Snyder and Ernest Powers, all of Chester. Conner also is a candidate for the committee in Chester.

Conner began his legal fight to oust the petitions in Delaware County Common Pleas Court. The case was argued in Superior Court Wednesday.

The high court's order—a terse statement handed down in the afternoon—dismissed the appeal without comment. The court said it will hand down a full opinion on the case at a later date.

During the eight days of this session, the court heard arguments in 45 cases, admitted 34 attorneys to practice before the court, and handed down 23 opinions.

The next session will begin Sept. 27 in Philadelphia.

Thought Baby Was Doll; Badly Injured

TRENTON, N. J. (AP)—A 4-week-old girl, tossed about by two youngsters who said they mistook her for a doll, was in grave condition today at McKinley Memorial Hospital.

The baby, Ellen Volk, underwent surgery at the hospital, where a spokesman said first reports indicated she suffered skull fractures and cuts and bruises.

Her mother, Mrs. Robert Volk, told police she left the baby in a carriage near her home yesterday while she went inside to answer the telephone.

Mrs. Volk said that when she came back she found the two boys—one 4 and the other 5—tossing the baby in the air and playing roughly with her. The mother quoted the boys as saying they thought the baby was a doll.
